"Inflation remains stubbornly high in the United States, reflecting global food and energy shortages caused by the Russia-Ukraine conflict, as well as the high momentum of domestically-determined prices like house prices, rents, and medical care," said Bill Adams, chief economist at Commercial Bank.

... “We’re in technical recession but just don’t realize it,” said Bank of America chief investment strategist Michael Hartnett.

The case that a recession is looming over the U.S. got stronger Friday, as blistering inflation and historic lows in consumer sentiment painted an increasingly dark economic picture. End of Quotes

Economic anxieties have been echoed by members of Congress, leading academics and pop culture standard bearers. “When y’all think they going to announce that we going into a recession?” Cardi B, the Grammy winning rapper wrote in a tweet that went viral this weekend.

**Fox News.** Larry Kudlow 6-7-22 “Gas at the pump hit \$4.91 today. That’s more than double the \$2.40 on President Joe Biden’s inauguration day. A year ago in June of 2021, gasoline was \$3.05 and diesel was \$3.20. You get the picture.

Motorists and truckers are getting killed and so are middle-and lower-income consumers, who get hit the hardest by the inflation tax. By some estimates, the typical family is going to pay \$3500 more for energy costs. Other estimates go above \$5,000.

Seventy-five percent of the goods and products distributed in the U.S. are shipped by truck, so those record diesel prices go right into the cost of everything, including food. If you think there’s no end to this, you may be right.

According to the Energy Information Administration, that's the EIA in the Energy Department, gasoline inventories are going down while demand is going up. I haven't mentioned natural gas, which is probably the most important energy source of oil and the cleanest, outside nuclear.

## **Inflation "Reduction" bill to unleash tax terrorism upon the American people**

Democrats gleefully passed the so-called "Inflation Reduction Act" that even Bernie Sanders says won't reduce inflation. Because inflation is the product of an expanded money supply, this massive government spending bill will only increase inflation while handing out hundreds of billions of dollars to the green energy sector, IRS agents and wealthy corporations.

This law will enable the weaponizing the IRS to target conservatives, small business owners, Trump supporters, Christian churches and pro-2A non-profits.

Under Democrat control, of course, every institution of Big Government becomes a weapon to be wielded against their political opposition.

### *Recession Leads to Depression*

*Internet:* A depression is an extended recession or serious decline in the economy that lasts for years. For a depression to be in effect, unemployment rates need to rise above 20 percent and there needs to be a significant decline in gross domestic product, among other factors.

In short, a recession is simply a short-term economic trough, but a depression is a recession on steroids. Stagflation is a period when slow economic growth and joblessness coincide with rising inflation. End Quotes

### Trump Warns Something Worse Than Recession Is Coming

By [Tom Ozimek](#) July 29, 2022 Updated: July 29, 2022

Former President [Donald Trump](#) has warned that America's economy is on track for a bigger disaster than a [recession](#), with his remarks coming shortly before government statistics showed GDP printing negative for the second consecutive quarter, which is a rule-of-thumb definition for a recession.

“Where we're going now could be a very bad place,” Trump said at a rally in Arizona last week. “We got to get this act in order, we have to get this country going, or we're going to have a serious problem.”

The former president singled out the collapse in Americans' real wages, a historically depressed labor force participation rate, and the Democrat push for the Green New Deal that he said would crush economic growth.

“Not recession. Recession’s a nice word. We’re going to have a much bigger problem than recession. We’ll have a [depression](#),” the former president said.

Trump’s remarks came several days before the Bureau of Economic Analysis (BEA) released data showing that real U.S. GDP fell by an annualized 0.9 percent in the second quarter after contracting 1.6 percent in the first quarter.

Two consecutive quarters of negative GDP growth are a common rule-of-thumb definition for a recession, although recessions in the United States are officially declared by a committee of economists at the National Bureau of Economic Research (NBER) using a broader definition than the two-quarter rule.

Vance Ginn, Chief Economist at the Texas Public Policy Foundation, told The Epoch Times’ sister media NTD in an interview that, while officially it’s NBER that calls recessions, the two-quarter rule is “usually how it’s done by a rule of thumb.”

“I think this is definitely recession that we’re in now from these bad policies,” Ginn added, blaming a series of “progressive policies” coming out of the White House and the Democrat-controlled House. End of Quotes

### *A Developing Food Shortage*

To exacerbate the problem of the water shortage, due to the war taking place with Russia and Ukraine, has not only affected the European nations with an

oil crisis but a food shortage is in the making as well— as made known by the following news articles.

## **THE WEST LOSES ITS GRIP AS RUSSIA STRANGLES EUROPE’S FOOD SUPPLIES**

written by David Mark May 25, 2022 1723 views

Western media has been relentless in its pursuit of convincing its populace that Russia is losing the war in Ukraine. This includes the constant chatter that there will be a coup any day. They have even claimed that Putin is dying of cancer. While the rumor mill continues to spew unfounded reports of the Russian President’s demise, Russia continues to gain ground as well as taking hold of the most important commodity of all – food.

European Commission President Ursula von der Leyen claims Russia is weaponizing food supplies as prices of grain, cooking oil, and other food commodities continue to rise exponentially after the Russian army invaded Ukraine. Both Ukraine and Russia are the world’s largest wheat producers.

“In Russian-occupied Ukraine, the Kremlin’s army is confiscating grain stocks and machinery.... And Russian warships in the Black Sea are blockading Ukrainian ships full of wheat and sunflower seeds,” von der Leyen said in an address at the World Economic Forum (WEF) in Davos, Switzerland, on May 24.

“Russia is now hoarding its own food exports as a form of blackmail – holding back supplies to increase global prices, or trading wheat in exchange for political support.... This is using hunger and grain to wield power.”

Both Russia and Ukraine are competitors in the wheat market. Not only is Russia holding back its exports from unfriendly countries it has taken control of much of Ukraine’s wheat production areas. It is also blockading the rest of the exports held at the port of Odessa. The result is the soaring food prices in Europe and around the world.

While most of the West has been focusing on building hi-tech economies, Russia has been focusing on the real drivers in the global economy – energy and food. This has revealed just how weak the West's underbelly truly is.

## Top Putin Aide Predicts “Global Famine” by the End of This Year

Humanitarian disaster looming.

Published 6 days ago on 20 May, 2022

A top aide to Vladimir Putin has predicted a “global famine” that will occur before the end of the year as a result of worldwide grain shortages caused by the war in Ukraine.

Maksim Oreshkin asserts that the United States' attempt to takeover Ukraine's grain reserves is going to lead to a humanitarian disaster.

“It is important that in the conditions, for example, of a global famine that will occur closer to autumn, by the end of this year all over the world, Russia should not suffer, but be fully provided with food,” Oreshkin said.

Oreshkin blamed inflation caused by the Federal Reserve overprinting the dollar since 2020 as one of the causes, but also zeroed in on the Biden's administration's more recent actions in Ukraine.

“In fact, what America is trying to do with Ukraine now is to take out the grain reserves that Ukraine currently has in its possession – just another action that dooms Ukraine to serious humanitarian problems, but also dooms the global community to having big problems with hunger,” he warned.

Russia and Ukraine account for almost a third of the world's wheat exports, with sanctions on Russia and the war in Ukraine having led to a 60 per cent price surge so far this year.

As we previously highlighted, Italian League party leader Matteo Salvini has warned that if the war in Ukraine is not brought to a conclusion by the end

of this month, chronic food shortages will cause an immigration wave that will lead to 20 million African migrants trying to enter Europe.

“Significant hunger is expected on the African continent, which will be a humanitarian, then a social, and finally an Italian problem,” said Salvini. “Without peace there will be famine in the autumn and 20 million Africans will be ready to go,” he added.

British TV presenter Jeremy Clarkson, who owns a farm which was the basis for his hit Amazon Prime show *Clarkson’s Farm*, warned in a Sunday Times piece that farmers in the UK are letting their fields go fallow.

“The problem is that next year many farmers will decide that, because of the costs involved, they’ll use less fertiliser,” he wrote. “Some will doubtless try to use none at all. Others will try to use cardboard or lawn clippings or faeces instead. Either way they will produce less food. Some farmers — I know of three in my area alone — have already decided to fallow their fields next year and grow nothing at all.”

“And this is not just happening in the UK. It’s a global phenomenon and it could well result in there being maybe 20 per cent less food in the shops than is necessary. That’s bad. And then it gets worse because, between them, Russia and Ukraine grow more than a quarter of global wheat exports.”

Clarkson fears that the world is “hurtling down a well-watered slide into the pit of hunger, misery and death.” End of Quotes

### *Why These Disasters?*

One little word—**SIN**—makes known the primary causes of the disasters in various forms now being experienced by this country and elsewhere (*Ezekiel 7:26 ... Disaster will come upon disaster*).

Because of the horrible *abominable sins* legalized by the leaderships and courts, they are practiced in a free-wheeling life-style in a godless society. Therefore, God is bringing about these terrible disasters in this end-time upon them.

What is SIN? Scripture defines it: Sin is the transgression of God's holy and righteous laws (*I John 3:4*), meaning, the 10 commandments, statues, and judgments.

And to violate those laws will bring forth death in due time unless there is real meaningful repentance from having broken those laws (*Romans 6:23*).

Sadly, the real GOD and Jesus Christ have been forgotten by His people (*Hosea 8:12, 14*). His holy laws have also been rejected. Therefore, SIN is a foreign word to them, and no longer is being preached by their ministers as the following article makes known.

### **Preaching on Sin Outdated**

The Washington Times wrote on May 22:

“... the Apostle Paul... told the first-century church that ‘everyone has sinned and fallen short of the glory of God’ and ‘there is none righteous, no not one.’ From its inception, the church has consistently taught that ‘the human heart is desperately wicked’ and ‘beyond cure’ (Jeremiah [17:9])...”

“Rather than warning of the consequences of sin, it appears that many of our contemporary evangelical preachers and teachers are celebrating it. Karl Menninger once asked, ‘Whatever became of sin?’ Well, it appears that in today’s churches, it has gone... Preaching about sin is now viewed as outdated and too judgmental... Contemporary church attendees are now told they are born good and that anyone suggesting they are sinners is a sinner for doing so.

“... the new world of the American Christian [is] a religion whose congregants see themselves as sinless, and everyone who dares disagree with them is sinful...”

“Adam and Eve ate the fruit of the tree of the knowledge of good and evil because they wanted to supplant God and become gods themselves. And as such, they declared that they would decide what was right and what was wrong, what was true and what was false, and what was just and what was unjust.

In essence, they chose to define what sin was and wasn't, and thus, they denied its existence while, at the same time, giving it birth. The story of the garden teaches us that when anyone but God declares themselves to be good, it never ends well..." End of Quotes

### *The Beginning of Famine*

Due to the unrepentant abominable sins being committed in America, England, and other tribes of Israel, to try and wake all of them up, God is bringing about a *famine*, as He did with Israel of old (*II Kings 17:1-7; Luke 4:24-26; James 5:17*), and at other times, *always* with hope and desire for repentance. **Ezekiel 33:11.**

**v.11 “Say to them, ‘As I live,’ says the Lord GOD, “I have no pleasure in the death of the wicked, but that the wicked turn from his way and live. Turn from your evil ways! For why should you die, O house of Israel.” Ezekiel 33:11.**

God identifies America and England as Manasseh and Ephraim, two tribes of the house of Israel (*Genesis 48:1-20. For proof positive read the book, United States and Britain in Prophecy, [www.cog.ff.com](http://www.cog.ff.com)*).

The famine in Israel at that time lasted 3 and 1/2 years (*James 5:17*), as it will this time, beginning in 2023—to end in 2026.

Historical duality, the following prophecy speaks of what is even now unrealized, but beginning to take hold. Revelation 6:5-6

The *Famine* of Elijah’s Time and Today are of the same duration in time, 3 and ½ years. Only this time its severity will take millions of lives together with the *black plague* that will have mutated from covid-19 (*Ezekiel 5:12*).

### *The Horrifying Effects of Famine and Hunger*

All these areas are building toward the very big problems that will take millions of lives in the House of Joseph.

The prophet Joel gives a detailed descriptive picture of what this country will look like in 2026. **Joel 1:15-20.**

Joel 1:15-20.**

## **Current News Articles Reveal the Setting for the Coming Famine**

The various news channels, newspapers, videos of officials, all are expressing great concern due to shrinking water supplies and no real meaningful rain in the forecast!

In some areas people have already experienced the rationing of water. Also, farmers are being affected and laying off workers. In other areas there has been flooding due to too much rain.

This was prophesied to take place—making known God is responsible for the weather, and rainfall. **Amos 4:7-9.**

**v.7 “I also withheld rain from you when there were still three months to the harvest. I made it rain on one city, I withheld rain from another city. One part was rained upon, and where it did not rain the part withered.**

**v.8 “So, two or three cities wandered to another city to drink water, but they were not satisfied, yet you have not returned to Me,” says the LORD.**

**v.9 “I blasted you with blight and mildew, when your gardens increased, your vineyards, your fig trees, and your olive trees, the locust devoured them; yet you have not returned to Me,” says the LORD. Amos 4:7-9.**

All this is leading into the time of the *Great Tribulation*—the worst of times—the severity of the famine having reaches its fullness, *no food, no water*. Those of great wealth will find their riches worthless. **Ezekiel 7:19.**

**v.19 “They will throw their silver into the streets, and their gold will be like refuse (*worthless*); their silver and their gold will not be able to deliver them in the day of the wrath of the LORD; they will NOT SATISFY their souls, NOR fill their stomachs ...” Ezekiel 7:19.**

### Drastic WEATHER Changes

While this coming Nazi-Fascist Colossus is developing underground [*Revelation 9.*], an alarming revolution is beginning to occur in the weather. Hurricanes, floods, sectional droughts are fast increasing.

And now, the very next prophesied event-to strike in the full fury of its climax before our democratic nations are invaded by the resurrected Roman Empire is—a tremendous universal FAMINE over America, Britain, and northwestern Europe caused by unprecedented drought and floods.

And immediately in its wake will come the most frightful epidemic of diseases ever to attack our peoples [*covid19, mutating into the former black plague, plus!*]

Jesus Christ foretold it in His great Olivet prophecy: "**For,**" He said, "**nation shall rise against nation, and kingdom against kingdom**" — that's WORLD WAR—and we are now in the recess between the 2nd and 3rd rounds of it— "**Then there shall be famines,**" — that's the next major world event now prophesied, "**and pestilences**"—disease epidemics, "**and earthquakes in different places.**" (Mat. 24:7).

Already there is a violent increase in frequency of earthquakes, all over the world. "**All these,**" Jesus continued, verse 8, "**are the beginning of sorrows**"- (marginal reading, "travail," or the Great Tribulation). While modern science. ...

But again. I repeat-IT'S LATER THAN YOU THINK! Yes, time is running out on us, fast, and we're too sound asleep in deception to realize it! Our peoples will continue only a few more years in comparative economic prosperity.

This very prosperity is our fatal curse! —because our people are setting their hearts on it, seeking ease and leisure, becoming soft and decadent and WEAK! We're GOING THE WAY OF ANCIENT ROME— to a greater fall, because we're bigger and more prosperous, and have farther to fall! Then, suddenly, before we realize it, we'll find ourselves in the throes of FAMINE, and uncontrollable epidemics of DISEASE.

Along with the coming famine and disease epidemic will come an invasion of billions of crop-destroying bugs, insects, and locusts (*grasshoppers*) on a scale never before to devastate a land. You'll read of this in the first chapter of Joel.”

### World War Resumed!

All this is now only a few years off [*year-2026*]. WHEN we are stricken with the greatest national tragedy ever to befall a nation—people dying in nearly every home—your loved ones—perhaps your children, or your parents, and scores of your close friends—perhaps even YOURSELF dying in this calamity, and the nation's economic prosperity suddenly tail-spinning into its lowest depth of depression, then the Nazi-Fascist colossus will strike its hydrogen-bomb blows [*Ezekiel 6:6; 12:20*—and another third of our populations will be killed—our major cities and industrial centers destroyed.

Only one in three of your friends, of your loved ones—will remain alive [*Amos 5:3*—UNLESS they heed the warning and come under God's divine protection according to HIS conditions!

And remember/ Every individual will then stand on his own feet before God. YOU cannot secure the protection of your loved ones. Nor can the prayers, the godliness or righteousness of any friend or loved one save you. Each individual must come to real repentance, total and unconditional surrender to GOD'S will, and His Word and its authority, through Christ as personal Saviour, in order to have the proffered divine protection from these impending catastrophes. See Ezek. 14: 12-14; and Jer. 31:29-30.

I know this is not pleasant to contemplate! I know well, too, that it won't be believed by more than a few. I know only too well that our proud and stiff-necked nations will heedlessly refuse to take WARNING!

But also, I know that these prophecies are as certain as tomorrow's sun—unless our nations do heed God's warnings, repent and turn from their established ways and customs and return to ALMIGHTY GOD and HIS LAWS and WAYS!

And, knowing that such an unbelievable catastrophe is soon to strike, I HAVE TO WARN YOU!! You can read what God says to me in Ezekiel 33: 1-6. THINK OF IT! Unbelievable? Preposterous? No, IT'S REAL—very soon, —of this very present generation—of all people you know now—ONLY ONE THIRD of them will be left alive [*Ezekiel 5:12*]!

This coming Great Tribulation is not the Wrath of God upon the world's wicked—it is the wrath of Satan the devil upon Christians, and upon the democratic nations (Rev. 12:12-13).

Millions of repenting SAINTS will be IN it [*Jeremiah 31*], and the very objects of it—because it is for their sake that God will intervene to CUT SHORT that hellish time of torture (Mat. 24:22).

This, I well know, is not the popular orthodox teaching of a "Christianity" that is a part of THIS WORLD and has LOST the PURPOSE and the PLAN of God. But this is GOD'S TRUTH, straight and direct to YOU!

This is the impending time of SUPREME TROUBLE for Americans and Britons, and for all true Christians who are not watching, praying constantly and so yielded to God's Will that they shall be accounted worthy to ESCAPE it all (Luke 21:36; Rev. 12: 14)

### 3 and 1/2 Years-and THEN

This fanatical, unheard-of, Satan-inspired fiendish Tribulation and martyrdom will continue three and a half years. But then it shall be suddenly CUT SHORT—by the divine, supernatural INTERVENTION OF GOD! If God did not act swiftly to cut short this diabolical inhumanity of man to man, under the satanic sway, no human flesh would be saved alive! (Mat. 24:22).

There are REASONS for today's ills! What we sow, we reap! When, at last, God takes over—puts down Satan, and the WAYS of Satan's world which have made the nations so unhappy—when, at last, mankind is ruled and taught religiously by GOD thru Christ and thru His saints, made immortal, then the NEW World—The WORLD TOMORROW shall reap what it then, sows—PEACE, HAPPINESS, PROSPERITY, HEALTH, ABUNDANT, INTERESTING LIVING, OVERFLOWING JOY! It will be a Utopia beyond man's fondest or wildest dreams!

And now, finally, a last word to you who read this warning message—this summary of the prophecies: YOU HAVE BEEN WARNED! Your immediate future is of your own choosing. You can take this lightly, let it slip from mind, allow yourself once again to be absorbed in the mechanics of today's complex society that you put this out of mind.

If you do, you have now read YOUR FATE—and I say to you on authority of God Almighty that it is absolutely SURE! Or, you may heed the warning, realize the truth—that there already have occurred in the world sufficient happenings to verify the REALITY of God's prophecies—and REPENT NOW before it is too late.

If you DO turn to God by forsaking *your way and this world's ways* through Jesus Christ as personal Saviour—if you DO then overcome, study the Bible continually to let it *correct* and *reprove* and *instruct* YOU—living by EVERY WORD OF GOD, rather than by the ways and customs of society—if you pray earnestly and continually, drawing closer and closer to GOD, and endure in this wonderful new life, you shall be accounted worthy to ESCAPE all these terrifying things soon to befall the world. (Luke 21: 36).

You may escape the Great Tribulation. No PLAGUE will come near you. And, finally, given the precious gift of eternal life, you shall be used in God's Kingdom teaching and ruling those human beings made joyous in that PEACEFUL WORLD TOMORROW! The decision is now YOURS!

## **The End**
